

"Ham and Eggs"

The entire San Mateo County Press association went on record at their regular meeting Monday night as being opposed to the proposed "Ham and Eggs" act, on the grounds that such a proposal was "unwise, dangerous and economically unworkable. . . that it would cripple the government, including the payment of pensions to the aged and of relief benefits. . . that it would completely destroy the credit of the state and retard for many years the cause of genuine old age security."

Colma Hog Ranches

With 55,000 hogs on hand and the market rising with unprecedented swiftness, Colma hog ranchers were expected this week to realize thousands of dollars additional income from the current "war scare."

County Agricultural Commissioner Max J. Leonard also predicted that coastside sugar beet growers who planted 1200 acres this year after successful experiment a year ago, would share in the benefits of the high sugar prices.

More Patrolmen

That in order to curtail rising traffic fatalities in San Mateo county it is absolutely imperative to have a larger force from the California State Highway Patrol was the unanimous opinion voiced by thirty representatives of the San Mateo County Traffic Safety commission and its auxiliary, the Traffic Safety council, at a joint conclave last week.

Local Man Aboard Missing German Ship

Jerry H. Williams, 28, a resident of Daly City, was reported last week to be on board the German liner "Portland," reported missing in the Pacific.

Williams signed on the ship a few weeks ago as a baker.

Double Trouble For Fire Fighters

"Trouble comes in bunches" the saying goes, and so do grass fires.

Answering an alarm Monday afternoon, the Daly City fire department put out a grass fire near Reservoir No. 1 at the head of Peoria street. No sooner had the men returned to their stations than a second grass fire called them down to School street. No damage resulted from either fire.

Councilmen Read Gas Pipe Ordinance

To standardize gas piping installation and appliance connecting and to eliminate hazards of asphyxiation and explosion, Daly City council Monday evening read an ordinance adopting the Standard Gas code as recommended by Pacific Coast Plumbing Inspectors association. The ordinance, introduced by Mayor Paul G. Selmi, regulates all gas pipe installation from the meter to every home or commercial appliance.

Registered plumbers must do all work except making appliance connections to exposed pipe terminals where qualified appliance men are permitted to complete such installations. A \$25 fee is required from plumbers for gas piping licenses, and a 75 cent minimum permit fee is required for making connections.

City Engineer Julius F. Castelan submitted plans and specifications for the resurfacing of Brunswick street to be paid for out of quarter cent gas tax money. Councilman John J. Fahey requested that specifications for bids also call for "hot stuff" as well as penetration method re-

At San Mateo County Fiesta

Practicing a bit of trick archery in preparation for the San Mateo County Fiesta and Rodeo at Bay Meadows, September 21 to 24, is Janice Crown who plans to split that San Mateo "apple" on Margaret Lee's head. A \$50,000 floral display, wild west rodeo, sportsmen's show and wild life exhibit combine to make this year's Fiesta a top notch attraction.

Evening Classes In Many Subjects

Evening classes for adults have been resumed at the Jefferson Union high school. Courses are offered from 7 to 9 p. m. every Tuesday and Thursday in the following subjects:

Americanization (English for foreigners); naturalization and citizenship; mimeographing, machine calculating; stenography, shorthand; bookkeeping, typing; art metal work. Physical education is also given in the evenings with swimming, badminton, basketball and gym classes.

Evening classes proved highly successful last year. Adults interested in any of the above-named subjects should register immediately. There is no charge in connection with any of these studies.

Simplified Arithmetic Purpose of New Course

In line with educational progress throughout the nation, Jefferson elementary schools, grades 1 to 6, this year are using a new and simplified arithmetic course worked out recently by the San Mateo county board of education.

Entitled "Arithmetic Experiences," the new manual is designed as a modern guide for the teacher in selecting suitable arithmetic experiences for each pupil.

Recognizing that children vary greatly at the rate at which they learn, the course attempts to give careful consideration to each individual's needs and limitations.

R. L. Crane, district superintendent, represented the Jefferson elementary school district on the county board of education at the adoption of the new course.

Members from Jefferson who worked on the arithmetic committees included Hester Blaylock, Henrietta Engel, Elizabeth Kennedy, Ann Sanbrailo and Marie Traynor.

Record To Publish Firemen History

During the four month period over which the history serial will run The Record will publish pictures of each of the fire companies and one of the Veteran Firemen's association.

Old-Timer Tells Of Parade 49 Years Ago

Gus Schenk, 128 Santa Cruz avenue, claimed a record Saturday when he stood on Market street and watched the Admission Day parade. Forty-nine years ago Gus stood on Market street and saw one of San Francisco's earliest Admission Day celebrations.

"The festivities in 1890 were much different from those Saturday," Gus said. "Soldiers, sailors, miners, and brewery drays were main entries then, as compared to the uniformed, motorized, and streamlined parade now," he related. Mrs. Schenk accompanied Gus to participate in Saturday's celebration.

Recreation Leader Praises Daly City

"It pleases me to see such excellent cooperation and progress evident in Daly City recreational activities," declared Major George W. Braden, western representative, National Recreation association, at a luncheon meeting yesterday attended by 20 local and regional recreation leaders.

"It is a pleasure to welcome Major Braden to our community," announced Principal James Ferguson, Jefferson Union high school, who acted as toastmaster

Approval Seen For WPA Project

Daly City's \$260,876 WPA project for street improvements in the southern end of the city stood virtually approved today as County WPA Engineer George A. Janssen revealed that only routine technicalities now remain in the way of the two-year job which will employ approximately 100 men.

The plan has already been approved by the San Francisco, San Jose and San Mateo offices, City Engineer Julius F. Castelan reports.

The project includes reconstruction of sewers and street laterals, improvement of streets, curbs, gutters and sidewalks in the southerly part of Daly City.

The Federal government will supply \$186,000 of the total cost, with the sponsors' contribution set at \$74,876. Federal funds will take care of all labor costs and will include \$13,500 for material, a sum based on a \$5 allowance for each of the 2700 man-months.

It is proposed to employ men now working on the WPA project at Vista Grande park, following completion of work there within the next few months. Approximately 25 new workers will be added on the south end street improvements.

While Federal law requires that at least 85 per cent of government funds be used for relief labor on a WPA project, Castelan estimates that 98.9 per cent of funds for this project will be so expended.

Castelan also reported that seven new building permits were issued in Daly City during the month of August, 1939, totaling \$15,894.

"The Desert Song" to Open Monday For Limited Run at Curran Theatre

There is coming to the Curran theater, Monday night, September 18, for a limited run, a musical show of the Percival Wren people of Northern Africa with all the color and atmosphere of the "Beau Geste" country, sheiks, dancing girls and men of the French Legion and Riff Hills, who are MEN!

It is "The Desert Song" and it will have the same great cast that appeared at the Curran some seasons ago, when it proved the outstanding operetta hit of all time. Perry Askam heads the cast and Elvira Tanzi will play opposite. All the other favorites so well known to drama and music lovers will also appear. The company numbers over sixty.

Romberg's beautiful music needs little mention. He has scored many hits, such as "The Student Prince" and "Blossom Time,"

for the occasion. "Our guest is a recognized recreational authority and is making only a limited number of engagements in the Bay area."

Major Braden outlined a six-point community recreational plan as a model operating program.

1. Provision of one acre of recreational area for every 100 population.

2. Convenient distribution of recreational areas. Juvenile playgrounds at least every quarter mile.

3. District playgrounds and grounds suitable for youth and adult activities located not more than a mile from all residential areas.

4. Wide variation in recreational activities and features offered. Sports, arts and crafts, personal expression programs.

5. Permanent and definite organization of directing staff—a commission or board embracing municipal, educational, social interests.

6. Full time recreational director and provision of funds for equipment, expansion of program, etc.

Mayor Paul G. Selmi stated that the city council was working in full cooperation with the recreation department and had in a large degree (in conjunction with the local school authorities) fulfilled every point of Major Braden's outline.

Recreation Director E. F. Tandy, Superintendent of Schools R. L. Crane, City Councilmen Edmund Cavagnaro and Jack Fahey, a representative of The Record, and other recreational leaders spoke on local activities. Excellent cooperation among city, school, and recreation officials, good facilities, a desire to develop additional ones, and plans for expansion of the local recreation program were main points brought out in talks and discussion.

but critics acclaim as his best work "The Desert Song."

Cecil Stewart, who is the producer, will be remembered as the leader of the augmented orchestra. He will again direct and has promised a new, elaborate production that will prove an innovation to San Francisco playgoers. No expense has been spared to make the present production the "last word" in stage presentation. Ten scenes of colorful splendor are required in telling the story.

Perry Askam was brought back from Rome to play the role of The Red Shadow and all the Askam fans will again have the opportunity of hearing his glorious voice singing "Ho" at the head of the Riff chorus, "One Alone," "The Desert Song," and all the other favorites.

Performances are at 8:30 p. m. daily, with matinees Wednesday and Saturday at 2:30 p. m. Prices are nominal.

M. J. Soldavini Attends Meeting In Los Angeles

M. J. Soldavini, manager of the Belli Motor company, Mission and Market streets, Daly City, and Belli block, Colma, recently returned from attending the largest field sales organization conference ever held by the Buick Motor division of General Motors in preparation for what company officials believe will be the biggest year in Buick history.

While at L. A., Soldavini inspected the new Buick models for 1940, and reported them outstanding in style treatment and mechanical advances and the "hottest" line of new cars he has previewed in his many years in the automobile business here.

Other members of his organization who accompanied him to L. A. included: Joseph Altieri, sales manager, and Ernest Granucci, top salesman.

"While details of the new cars are to be withheld until the public announcement date," said Soldavini, "it is no violation of confidence to say that two new Buick lines will be added for next year. We will thus have a Buick car to fit every need and every purse just above the lowest price field."

"While at L. A. our Buick President, Harlow H. Curtice, told me that he has already made commitments totaling \$40,000,000 for early production of new models and that between now and the close of the year more than 100,000 new cars are scheduled for production."

"As a result of our appraisal of the new models, we confidently expect to set new Buick records here in Daly City and Colma in the next twelve months."

Ten Pound Ghost Born to Hauntians

Flash: What are ghosts coming to these days? It seems that Baby Ghosts are now in order—and substantial ones at that!

Anyway, such is the startling report from Daly City's spook club, the Royal Order of Hauntians. Received by the Record office this morning, the anonymous note reads as follows:

"Royal Hauntians met Thursday evening. Much took place in the last week that caused great excitement among the members. 'New members were voted in August 31. At the last meeting, an election of officers was held. . . 'Friday evening, September 1, to one of our Royal Hauntians was born a ten pound Ghost. Much cheering and congratulations were in order. The proud Father Hauntian's chest expanded a full three inches. . . Both Mother Hauntian and Baby Ghost are home and doing nicely. . . "

Your Dream House--Ready for Occupancy

George Hammer (right), son, Dan, and their most recently completed homes now open for inspection at 180-190 Willits street. Hammer takes pride in his work, and justly so, as buyers are quick to snap up his home bargains.

Report New Building Permits

Daly City building permits for three new residences, a gasoline service station, and two residential repair jobs totaled \$15,644 for the month of August.

Williams construction company applied for permits to build two new homes on Hillside boulevard. T. J. Martin made application to build a new residence at 61 Cavour street. Carr's Super Service station was issued a permit to construct a new station at the corner of Beta avenue and Mission street. H. H. Smith and R. Daly City Offers Numerous Fine Advantages To Home-Builder

Whether you are partial to a cozy bungalow, a patio-type home, or a house done in the Italian, Spanish or Colonial styles, there is a new home in Daly City waiting to fit your needs.

But—new homes do not long remain vacant in Daly City. At the rate at which this community is building up, it's a wise man who will consult one of the real estate agents or home-builders on this page in the immediate future, while desirable sites are yet available.

The rapid turnover of new homes here—the almost daily story of "Home completed, sold"—is based solidly upon the ease with which a family may procure a home here, and Daly City's well-known residential advantages.

FHA terms and private financing are available for the most moderate income; a small down payment and monthly terms, less than rental costs, will procure a home for any family.

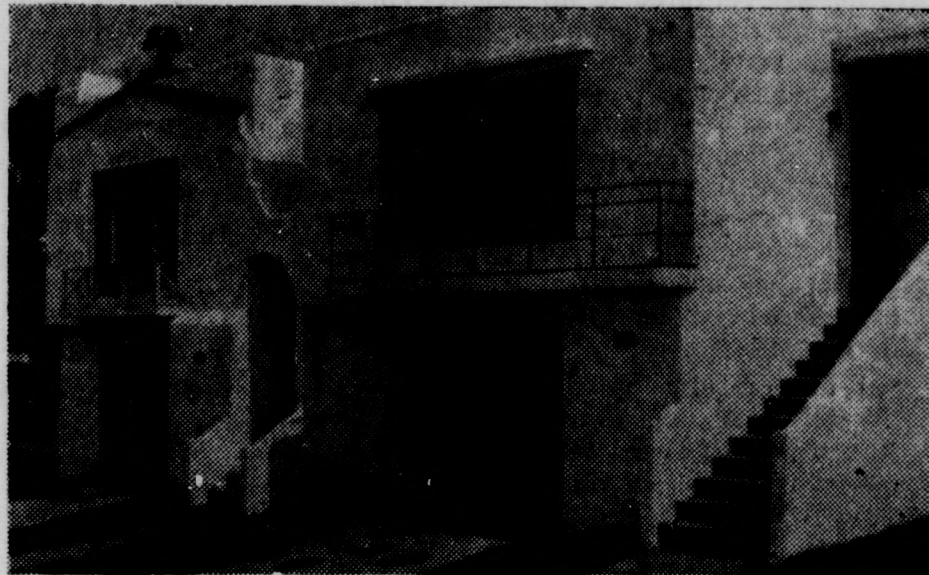

Active home-buying here is also due to Daly City's advantageous position near the metropolitan area, yet far enough removed from the bustle of down-town S. F. to make a district of quiet homes.

Women like to live in Daly City. Shopping is quick and easy, with no parking problems. Quick delivery service on telephone orders is featured. The Daly City Shopping News, a local publication delivered Friday morning to every door in the city, contains merchants' week-end specials, effecting substantial savings to the thrifty housewife.

Living expenses and tax rates are almost unbelievably low as compared with the metropolitan areas.

As one new home-buyer recently said, "Daly City is one place where a family has room to live."

(At left), Lincoln Farnsworth, manager, and side-view of huge New Colma Mill and Lumber company. Morwear paints are featured. General millwork is efficiently handled in the newly equipped mill. School street at Bruno avenue.

Designed for comfortable living are these homes by A. J. Kronquist at 85 Peoria street. Kronquist is active in developing many Daly City subdivisions, has a long list of satisfied home-owners to his credit.

J. J. (Jack) Fahey and portion of his modern real estate and insurance office, 3 Wellington avenue. The offices were recently opened after extensive remodeling. The building formerly housed the Daly City postoffice.

Fahey is a pioneer in Daly City, having lived here for more than 30 years. He entered the real estate field here in 1920, has served on the city council for seven years.

Cleverly-built homes on Hillside boulevard invite inspection of budget-minded people. Compactly arranged rooms make for easier living, are especially attractive to busy housewives. Williams construction company build and handle arrangements.

Rudolph Mohr and Sons' Jefferson Park home. Mohr has built an entire new section of Daly City on Moltke, Cavour and Bruno streets. The above home is located at 168 Moltke street.

Parish Plans Monster Whist

There are at least two good reasons for attending the Monster Whist party to be held at Masonic hall, Wednesday evening, September 20, by the ladies of Our Lady of Perpetual Help church, according to those in charge.

The first reason is that the big affair is a benefit whist and the proceeds will be used to further the work of the local parish, according to church members.

And the second reason is that several valuable prizes have been secured, a large crowd is expected, and a good time assured everyone.

"Don't forget the date—September 20," was the final admonition of the chairmen. "Playing will start promptly at 8:30 p. m."

Applicants Wanted For Army Air Corps

The heaviest army air corps quota ever placed upon the San Francisco district, 175 new enlistments, has been authorized here, according to Colonel G. T. Perkins, army recruiting officer.

One hundred of the new air corps men will go to Hamilton field, San Rafael, California, Perkins said, and the remaining 75 will be sent to the army air base at March field, Riverside, California.

Perkins is of the opinion that the applications of qualified men will far exceed the quota and advises young men with a high school education or its equivalent or who have a journeyman's rating in a mechanical trade to make application early at the recruiting office, 32 Federal Office building, San Francisco.

If He (Lou Nova) Can Beat ...

Him (Tony Galento), He Gets a Chance to be ...

Knocked Out by Him (Joe Louis)

To make this pictorialized short-story complete, we'll remind you that Lou Nova and Tony Galento meet Friday night in a 15-round heavyweight bout at Philadelphia's Municipal stadium. The winner gets a chance at whoever wins the Joe Louis-Bob Pastor fight in Detroit on September 20, and most sports observers have a pretty good idea who'll win!

Fire Company No. 5 Holds Annual Picnic

Members of Company No. 5, D. C. F. D., held their annual picnic and outing at Martin's beach Sunday. A large crowd of firemen's friends and relatives attended the affair.

A splendid fish entree was served at 6 p. m. by Mrs. Bracken, mother of Captain James Welsh, assisted by Reba and Rudy Anderson. Races, softball, swimming and fishing were enjoyed by the crowd.

There is seldom a picnic without its mishaps, and this one was no exception. Mrs. T. P. Tallon suffered a fall in the ladies race, injuring her shoulder and arm. She is still confined to bed at home.

Jeffs Win 13-0 Over Washington

While Jeff Hi was fortunate enough to get several "breaks" last Friday when playing the Washington Eagles on the home town field, it was strategy and power, with several brilliant plays thrown in for good measure, that put the game on ice for the Jeffs, to the tune of 13-0.

The first quarter was just another ball game, but in the second, two first downs found Jefferson on the Eagle 2. It was only a matter of seconds until the Jeffs scored. Also in the second, Bob Christen, on a fake reverse, galloped the ball to the Eagle 22. A pass over center to Guisti, which Guisti jumped for and caught with one hand, chalked up another six points for Jefferson. A faked drop-kick and a quick pass by Guisti to Poddig was good for the conversion.

The Eagles were by no means a washout; they showed good tackling and stubborn resistance, but were hopelessly out-classed by the Jeffs.

NO MORE "WISHY-WASHY" SWEET ROLES SAYS ANN SOTHERN IN RECENT INTERVIEW

'Maisie' Star Avers She Wants Roles With Enough 'Guts'

Ann Sothern and Robert Young in "Maisie"

"I'll never play another straight leading part as long as I live!"

It is a broad statement for an actress to make, but Ann Sothern makes it. She is featured in "Maisie" in which she portrays a colorful little honky-tonk show-girl who gets stranded and finds romance in Big Horn, Wyoming.

"I've served my apprenticeship as nice, wishy-washy sweet girls who are there for no other purpose than to be rescued by the hero and share in the clench at the fadeout," asserted Miss Sothern. "From now on it is going to be character parts or nothing. I don't care how small or how large they are as long as they have some 'guts' to them."

Miss Sothern considers her role in "Maisie," which opens tomorrow on the Daly City theatre screen, the best she has played since she entered pictures. "Maisie is human, real and has a definite character," she declares. "Of course, every role can't be a Maisie. But I'll play any good character part even if the character appears in only three scenes of a picture."

Companion feature on the new bill is "On Borrowed Time," starring Lionel Barrymore and Bob Watson.

THE EYES MUST HAVE IT

LIGHT CONDITIONING FOR Better Seeing

EYES ARE SLOW TO COMPLAIN about overwork or abuse, science tells us, slow to object to poor light. Thus by the time eyes do speak out, they have been strained, perhaps injured. That is why we say, "light conditioning for better seeing." For light conditioning means giving the eyes enough of the right kind of light for seeing comfort and safety.

Do you know why, for example, you sometimes squint or scowl when reading a newspaper? It is because your eyes are working hard to see. It takes three times as much light to read a newspaper with the same ease as you read a well-printed book.

Take these two steps for light conditioning in your home. Have a Light Meter checkup made of the lighting. There is no charge or obligation for this service. Then try the soft and glareless light from I. E. S. Better Sight Lamps. You'll find the cost surprisingly low, especially since electricity under the new reduced rates now costs less than ever.
